WHY RENOVATE?

Since Eagles Arena was built in 1985 and the Blue Line Club Arena was added on in 1993, there have been no major renovations to the facilities, except for necessary required maintenance improvements. As our local High School Athletics, Border Blades Figure Skating Club, Grand Forks Youth Hockey Association, and Grand Forks Park District Ice Skating Lessons have transitioned to utilize the two arenas much more in recent years, the need for a renovation has increased.

THE PLAN OVERVIEW OF THE RENOVATION

Through community philanthropy, naming opportunities, grant funding, local volunteers, and prior allocated facility improvement funds within the existing Park District budget, we plan to renovate the current Eagles and Blue Line Club Arenas over the next year. This much-needed renovation will greatly benefit and financially impact Greater Grand Forks as well as demonstrate our investment in high school hockey, youth hockey, figure skating and other supporting high school sports, as an integral part of our community and region. The \$1.75 million renovation includes the following features:

- Interior remodeling with improved lighting and noise reduction features*
- New locker rooms for RR Varsity Boys Hockey, JV Boys Hockey, Knight Riders Girls Hockey & Border Blades Figure Skating Club*
- Updated seating & expanded viewing deck for 500+ spectators*
- Remodeled concession area for Eagles & BLC Arena visitors
- Updated look of arena building exterior at both rink entrances
- Addition of much-needed storage and more handicap accessible areas
- Updated visitor locker rooms in both Eagles & BLC Arenas

*Renovation within Eagles Arena Only
